EMBOSSED ACOUSTIC PANEL COLLECTION

The embossed acoustic panel collection represents the latest innovation from Woven Image. This design-led collection embraces the trend towards tactile surfaces and three-dimensional textures, interweaving cutting-edge design with sustainability and commercial performance.

Available in four unique designs; Gem, Zen, Ion and Pico, which have been specially designed to provide a floor-to-ceiling acoustic solution for commercial interiors, and pattern match for continuous wall and double-height installations.

GEM

GEM EMBOSSED PANEL

Gem's design is reminiscent of expanded mesh, with offset diamond-like shapes creating a lattice impression across the panel. Available in 15 stunning hues, including warm tones of ochre and cinnamon.
