ECHOPANEL® COLLECTION

Invented and launched by Woven Image in 2004, EchoPanel® is the original decorative interior panelling solution, with acoustic qualities and eco-innovation at its core.

EchoPanel® reduces and controls reverberated noise in shared environments, making it ideal for use in a variety of commercial interior spaces including workplace, education and hospitality environments.

It is a streamlined product with a fabric-like finish, designed with dematerialisation in mind. Once it has been installed, there is no need to upholster, paint or protect it.

Pioneering the war against single-use plastic, EchoPanel® production uses post-consumer recycled PET bottles to create a superior upcycled product with a vast array of interior applications.

EXTENSIVE PRODUCT RANGE

EchoPanel® offers the largest colour palette on the market. The solid colour remains consistent throughout the thickness of the panel, so you can cut, create and install without the need for edging or capping.

EchoPanel® also boasts an extensive range of inspiring prints and precision cut designs, making it the go-to brand for creative Architects and Interior Designers.

Offered in 3 panel thicknesses; 7mm, 12mm and 24mm. Panel sizes are 2800mm x 1200mm¹, allowing for a seamless floor-to-ceiling application.

APPLICATIONS

EchoPanel® is durable, lightweight, and easy to cut and install, making it ideal for a multitude of wall, ceiling and free-standing interior applications. Frequent installations include:

- Wall panelling: direct fix installation or create an air gap for greater acoustic performance.
- Feature wall tiling².

- Ceiling applications: direct fix, suspended systems or baffles.
- Workstations: its slender, pinnable nature enables it to be used as a double-sided division in a workstation.
- Free-standing partitioning systems²: ideal in the 24mm thickness.
- Hanging pendants²: for dividing a space with privacy and acoustic control.

In-house design for custom printing and precision cutting projects, offers endless possibilities when it comes to creating a bespoke designer look.

ACOUSTIC CONTROL

Controlling reverberated noise is a crucial factor in creating comfortable and productive environments, be it a professional workplace, learning environment, social setting or retail space.

EchoPanel® is optimised for acoustic performance and has been independently tested, in accordance with AS ISO 354: 2006 (R2016). Sound performance indices have been calculated in accordance with AS ISO 11654: 2002 (2016), with NRC and SAA defined by ASTM C423 - 17.

DESIGNED FOR COMMERCIAL INTERIORS

EchoPanel® has undergone many forms of industry testing and complies with some of the world's highest mandatory standards.

Its fire-retardant properties have been developed so that it is an excellent performer in the safety arena. It holds first-class ratings in Australasian and International markets, achieving a Group 1 rating in the 'ISO 9705' full-scale room fire test. EchoPanel® 12mm has also been awarded a valuable 'GB 8624 B1 level', and the internationally recognised 'BS EN 13501.1: Classification B - s1, d0'.

ENVIRONMENTAL STORY

Dematerialisation, recycling, upcycling and life cycle management were, and still are, at the foundation of EchoPanel® design.

EchoPanel® products are dedicated to the environment, aside from saving tonnes of plastic waste from our oceans and landfill, the PET is converted into EchoPanel® which boasts a 10-year life expectancy, after which the material is still 100% recyclable.

EchoPanel® is only printed with environmentally sensitive pigment inks to deliver excellent light fastness while remaining low-VOC, non-flammable and non-toxic.

ENVIRONMENTAL CERTIFICATION

EchoPanel® achieves Global GreenTag™ certification (Green Rate Level A) with the maximum Product Health Declaration™: Platinum Health for EchoPanel® plain colours³. It is Red List Free and has published ingredient transparency with Declare.

Furthermore, EchoPanel® can secure credits under the following sustainable building rating tools:

- Green Star, as administered by Green Building Council Australia.
- WELL™ Building Standard, International WELL Building Institute.
- Leadership in Energy and Environmental Design (LEED v4.1).

EchoPanel® acoustic quality, along with its extensive colour, design and customisation properties, offers designers the freedom to create stylish, unique and sustainable interior spaces.

MANUFACTURING PROCESS OF ECHOPANEL®

³ Visit wovenimage.com for further information, or a copy of our full Environmental Product Declaration

COLOUR STORY

EchoPanel® is available in a comprehensive range of neutral, mid tone and vibrant colours. Due to its unique manufacturing process, the colour remains consistent throughout the depth of the panel.

The standard 12mm range includes all 33 colours, with a selection of these colours also available in 7mm and 24mm thickness.

Colours shown are for reference only, please contact your local Woven Image representative for a sample prior to ordering.

PRODUCT PORTFOLIO

ARRAY CEILING SOLUTION

ARRAY in colourways #500, #454, #908 & #468

Array is a design-led, fully scalable and easy to install acoustic ceiling solution from Woven Image. Choose from 8 beautifully crafted baffle designs, made using EchoPanel® in both 12mm and 24mm thicknesses. With a streamlined aluminum extrusion, Array allows for simple onsite tailoring and adjustment.

Delivering high acoustic performance ratings, Array helps to control reverberated noise in shared commercial spaces, including workplace, education and hospitality environments.

ARRAY HARDWARE in white

ARRAY HARDWARE in black

KEY

- 1 Hardware with inserted snap cover
- 2 24mm parallel installation
- 3 Standard snap fit for 12mm or 24mm perpendicular installation
- 4 12mm parallel installation

For additional specifications and performance details please visit [wovenimage.com](https://www.wovenimage.com)

ECHOPANEL® ELEMENT

EchoPanel® **ELEMENT** in colourway #542

EchoPanel® Element is a practical, design-led acoustic ceiling solution. It is easy to install, fixing directly to a ceiling or attaching to a ceiling grid using cleverly designed translucent clips for a completely seamless finish.

There is also the option to order a suspension kit solution, allowing EchoPanel® Element to appear to float, creating a design focus, as well as providing an acoustic baffle. There are 3 different colourways available, all chosen to enhance a variety of contemporary commercial interior settings.

EchoPanel® **ELEMENT** #454 suspended

EchoPanel® **ELEMENT** #442 clipped to ceiling grid

For additional specifications and performance details please visit [wovenimage.com](https://www.wovenimage.com)

PENDENTS & SCREENS

EchoPanel® **SUMMIT** pendants in colourways #442 and #365

EchoPanel® Space Dividers allow designers to stylishly define areas within open-plan spaces, whilst delivering privacy and acoustic control. The range includes ceiling-suspended pendants and free-standing space dividers.

EchoPanel® **PLATOON** space dividers in colourways #442 and #542 with charcoal joiners

For additional specifications and performance details please visit [wovenimage.com](https://www.wovenimage.com)

ACOUSTIC TILES

Acoustic Tiles are the perfect product range for designers looking to achieve acoustic function with a quality design. The portfolio boasts an extensive range of solid colours and pattern-matched printed, cut and 3D formed tiles, providing an endless stream of design configurations.

For additional specifications and performance details please visit [wovenimage.com](https://www.wovenimage.com)

ECHO PANEL® COLLECTION

ECHO PANEL® ADAPT

EchoPanel® ADAPT CLASSIC screen
in colourway #454 with cream
desk clamps

EchoPanel® Adapt workstation screens are available in two different sizes (Adapt Classic: 1790mm x 780mm and Adapt Social: 1790mm x 544mm). They are pinnable, provide privacy and assist in reducing reverberated noise in work spaces. Choose from 3 colours in the EchoPanel® 24mm range.

They are easy to install using our unique desk clamps which are available in charcoal (#542) and cream (#908) colourways.

EchoPanel® ADAPT SOCIAL in colourway #542 with charcoal desk clamps
